

INVITATION

We respectfully invite you to the conference **“Advancing EU Water Directives: Forum on Innovation, Sustainability, and Collaboration”** jointly organised by the Eco-Innovation Cluster for Sustainable Environment (**CLEMS**) and the Hungarian Water Partnership (**HWP**).

Date: 7-8 May 2025

Location: Babeş-Bolyai University
Faculty of Environmental Science and Engineering
Iustinian Petrescu Amphitheater
30 Fântânele Street
Cluj-Napoca / Kolozsvár

The purpose of the event is to explore and share answers to the following questions:

- ✓ Overview of the water sector – how can cooperation maximise the benefits of water industry solutions?
- ✓ What lessons have been learnt from water sector exports?
- ✓ How have sustainability expectations changed daily operations in the water sector?
- ✓ Development planning based on LCC and DCC – how does it support wise decisions on sustainable investments?

Don't miss this special opportunity! Register for free and take part in the professional dialogue!
